### BIG TORCHLIGHT PROCESSION

One of the Greatest Popular Demonstrations Ever Witnessed in Any Country, Dwarfing the War Celebration After Peace With Russia and London's Mafeking Night—Thousands Participate in Parade.

Tokio, Oct. 23.—The capital of Japan has witnessed the most extraordinary evidence of the spirit of the new Japan. After having an audience of the officers of the American fleet on Tuesday, the emperor issued an order directing the people to increase in every way possible the enjoyment and pleasure of the American visitors, who came, he said, as historic friends of the Japanese nation. The response to this imperial mandate was seen and heard at night. Originally a torchlight procession of 15,000 people was planned as part of the programme, but this feature went far beyond expectations and developed one of the greatest popular demonstrations and outpourings of an enthusiastic people ever witnessed in any country. Japan's war celebrations after peace with Russia, "London's Mafeking Night," and even New York's election night revel would seem almost insignificant compared with Tokio's celebration. It would be impossible to estimate the number of people who took part in the parade and the myriads of spectators. Mile after mile, through madly cheering people the great procession wound its way. Representatives of various guilds, universities, schools of every class for boys and other organizations took part in the parade, each individual carrying a lighted lantern held high on a long pole with American and Japanese

#### Flags Intertwined.

Rear Admiral Sperry and the other chief officers of the American fleet viewed the procession from a special grandstand, standing with bared heads above the sea of waving lanterns, the deafening roar of cheers and the clash of the music from scores of bands, which played the American national hymn continuously. So dense became the crowds around the stand where the American officers stood that the entire procession was blocked until Admiral Sperry was asked to leave in order to keep an engagement at the dinner given by Minister of Foreign Affairs Komura.

Again at the American embassy the great procession halted and the climax of the enthusiasm was reached, although Ambassador O'Brien was not at the embassy at the time. He too, had left to attend the function at the residence of the foreign minister. When the head of the procession arrived at the embassy and halted, Mrs. O'Brien and the other ladies of the embassy appeared upon the veranda and received a prolonged ovation from the crowds, every man and boy among the paraders lifting his hat to the ladies, while there were continuous shouts for the American ambassador. The entire grounds surrounding the embassy were lighted with a sea of lanterns, and the demonstration at this point lasted for two hours, the ladies of the embassy viewing it until they were forced to leave to keep a dinner engagement. Even then the parade was resumed for more than an hour. Every band in Tokio turned out for the parade and their favorite airs were "Yankee Doodle," "Dixie," and "John Brown."

#### FIGHT IN A HOSPITAL.

Patient at Matteawan Stabs Another Patient to Death.

Newburg, N. Y., Oct. 23.—James Keegan of Brooklyn, a patient at the Matteawan state hospital for the criminal insane, stabbed and killed James O'Brien, also a patient. The two men were trustees and were at work in the kitchen cleaning fires. A remark angered Keegan and he plunged a carving knife into O'Brien's abdomen, inflicting a wound six inches long and two inches deep. O'Brien bled to death in ten minutes.

#### Negro Found Dead in a Car.

Buffalo, N. Y., Oct. 23.—The body of a negro was found in a freight car opened here. Death was due to starvation and thirst. The car was shipped from Pine Bluffs, Ark., on Oct. 2, and had been rebilled from St. Louis, Mo., but was not opened at the latter place.

### CHARGES OF PADDING.

Made by Chairman Connors Against Republicans.

New York, Oct. 23.—Charges were made by William J. Connors, chairman of the Democratic state committee, that the Republican organizations in up-state counties had padded the registration rolls with anywhere from 10,000 to 20,000 names, and to prevent the casting of a fraudulent vote the executive committee had appointed a state law commission with former Judge A. B. Parker as chairman. Mr. Connors said that the law committee would be composed of about 500 attorneys, and that on election day these

W. J. CONNORS.

attorneys would be assisted by special deputies in each election district to see that ballots were honestly cast and counted. Mr. Connors said:

"There will be no voting of dead men by the Republicans in this election, and the state committee will see that our opponents are not permitted to run men over from Pennsylvania and Canada and register them in this state. Already we have discovered hundreds of cases of fraudulent registration up-state and have succeeded in having the names stricken out of the lists."

"We want a square deal. We are not going to buy the election, and we have not got the money to buy it with, anyway. We don't propose to have the Republicans rob us, as they have done in the past."

## DISTRICT UNDER MARTIAL LAW

Search for Members of Reelfoot Lake Mob Begun.

Union City, Tenn., Oct. 23.—Following the arrival of state troops, who have reached their place of encampment on Reelfoot lake, this district has been proclaimed under martial law, and the search for members of the night rider band which put to death Captain Quinten Rankin on Monday night last has actually begun, with civil and military authorities working in perfect accord. The military base has been established at the settlement of Samburg, the most central part in the disturbed district. Governor Patterson was accompanied to Samburg by a posse of twenty-five men and will remain on the scene to personally direct the investigation, having cancelled all campaign engagements for the next week.

Two arrests have been made. John Cochran, who acted in a manner considered suspicious when approached by a detail of troops, was taken into custody, but was later released. The other prisoner was a man named Burton, wanted in the adjoining county of Lake on a charge of night riding.

### THREE PERSONS PERISH.

Mother and Her Two Children Die in Fire Near Oak Grove, Mich.

Howell, Mich., Oct. 23.—Mrs. Edward Riel and two of her children are dead and a third child is thought to be dying as the result of a fire that destroyed the Riel farmhouse near Oak Grove.

Mr. Riel, after starting the kitchen fire, went to the barn, leaving his family asleep. During his absence the house took fire. Two of the children were burned to death and the mother was so badly injured she died later.

## BIG CROWDS CREET TAFT

Republican Candidate Is Campaigning in Indiana.

### RIDICULES BRYAN'S CHARGES

Declares That Promises of Employers of More Work for Employees in Case He Is Elected Are Not Bribery, But Business—They Do Not Represent False Conditions, But Facts—History of the Writ of Injunction.

Evansville, Ind., Oct. 23.—During the first of the three days he is to spend in Indiana, William H. Taft talked to more people than on any previous day of this campaign. In each of his sixteen speeches, the listeners and applauders have numbered thousands. Rejuvenated in voice, energy and enthusiasm by his one day of rest, the candidate handled the campaign with even a greater degree of positiveness than heretofore. In the very first speech he made, he ridiculed Mr. Bryan's charge of "bribery" in connection with the promises of employers to their employees of more work with Republican success, and the orders with business men said to be made on the same result. These were not bribes, he said, but business. They did not represent false conditions but facts.

Judge Taft talked to many labor audiences and it was noticeable that what he said was more educational than heretofore. At Linon, where he spoke to several thousand coal miners, he gave them the history of the writ of injunction, something he has not previously done. At Terre Haute he made a clear distinction between the Republican and Democratic platforms on the use of the injunction, and declared business to be prosperity. While Mr. Bryan was not overlooked during the day there were two occasions when Candidate Debs came in for attention. These were at Terre Haute, the home of Debs, and at the two meetings at Evansville addressed by Judge Taft. In both instances Mr. Debs was classed as a Socialist, a doctrine regarding which the candidate expressed the belief that the American people were not prepared yet to accept.

#### Big Outdoor Gathering.

The largest outdoor gathering Mr. Taft said he had ever addressed was assembled at Terre Haute when the Taft special arrived there. There were many in the carload of local politicians which escorted the candidate to the city that said it was the largest gathering the state had ever had.

The injunction was the feature of this speech, and after it had been explained and the position of the two parties clearly set forth the candidate declared with great vehemence:

"That is where the Republican party stands, that is where I stand and I don't care what happens politically; that is where I am going to stand, and I have issued injunctions against lawless laboring men who were violating somebody else's rights. If I had not done it I should not have the right to be here asking for your suffrage. What kind of a judge do you want? Do you want a judge that distinguishes between classes, decides in favor of one class and against another? Is that the character of a judge you want in a free country? It is not the judge who, under his oath, with the law as it is laid down in the text books, and the statute and with the evidence before him, under his oath, decides according to the justice of the case and then issues the order that the law requires him to issue. What is an injunction? An injunction is merely an order with reference to the prevention of the abuse made before the fact occurs which is to injure or not injure the party. Where an injury has been done a man brings suit to recover damages for the injury, but where the injury is of a character recurring from time to time in small acts for which you can't recover damages that are adequate, their equity says that a man may have prevention rather than cure."

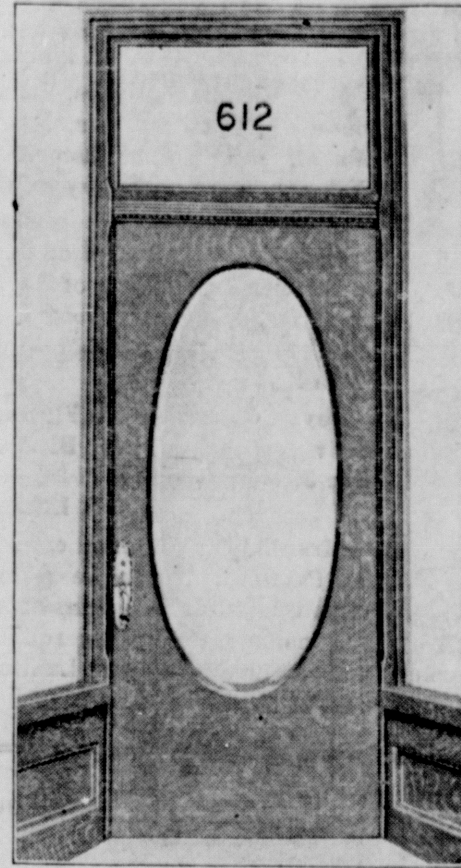

### EXPLOSION OF KEROSENE

Results in the Death of Three Children in Oklahoma.

Lincolnton, Okla., Oct. 23.—Three lives were lost and a number of persons were severely burned as the result of a fire which destroyed the Cox boarding house here. The dead are: Faye Cox, ten years old; Eulah Cox, six years old; Dora Knight, ten years old.

Newton Cox, father of the Cox children, was seriously burned.

The fire was caused by an explosion of kerosene which Cox poured into a stove to rekindle a supposedly extinguished fire.

### AUTHOR ARRESTED.

Broughton Brandenburg Charged With Grand Larceny.

Dayton, O., Oct. 23.—As he was boarding a train for New York city here, Broughton Brandenburg was arrested by local detectives on the charge of grand larceny. A telegram from the New York city police department advised the local department to hold Brandenburg. He is alleged to have sold the New York Times a letter which he represented to have been written by Grover Cleveland in which the dead statesman predicted the election of Taft, and which letter is now declared to have been a forgery.

Brandenburg was locked up in the police station, as the amount of his bail was not fixed. It was said by his attorney that if his client was not released he will institute habeas corpus proceedings.

In a statement just issued Brandenburg says he had the proper authority from Mrs. Cleveland and from Mr. Hastings, co-executor of the Cleveland estate, before he sold the article to the Times, and furthermore asks if it is reasonable that any sane man would falsify the utterances of an ex-president of the United States for \$120. At the time he was arrested he said he was on his way to New York city to give District Attorney Jerome additional evidence. He says the arrest was made by those interested in offsetting the influence of Mr. Cleveland's utterance, who wished "to secure a dramatic climax just before election."

### SHOWS NO IMPROVEMENT

Condition of John W. Kern, Jr., Still Reported Serious.

Indianapolis, Oct. 23.—The condition of John W. Kern, Jr., the eight-year-old son of the Democratic vice presidential candidate, who is suffering from infantile paralysis complicated by acute indigestion, shows no improvement. His father, who was called home from his speaking campaign in New York and Ohio, reached the city early in the morning and scarcely left the bedside during the day, although himself worn out with worrying over the child's condition and by the stress of his campaign. Mr. Kern said that all plans for the immediate future were in abeyance pending the outcome of his son's illness.

#### Mission Results in Failure.

London, Oct. 23.—The Sofia correspondent of the Daily Mail states that the Bulgarian envoys to Constantinople are returning to Sofia, their mission having failed. The government, however, is still hopeful of reaching an agreement with Turkey.

### TRAGEDY IN CHICAGO.

Woman Probably Fatally Wounds an Italian.

Chicago, Oct. 23.—A crowd of more than 100 persons saw Mrs. Rose Alberti shoot and probably fatally wound Tito Frappanino, a rich Italian, and then fall screaming upon the man's unconscious form, kissing his lips and forehead and begging him "not to die."

The shooting occurred in the street near the side door of the saloon belonging to the woman's husband, Joseph Alberti, at the northeast corner of Clinton and Polk streets. Suddenly, at the end of a violent outburst of words from Frappanino the woman drew a pistol from her waist and fired at the man's head. The man fell, the blood streaming from a wound in his

head, and the crowd scattered in terror.

Just as Frappanino fell Mrs. Alberti flung herself across the body of her victim and was kissing his face, begging him in a mixture of Italian and English to live and shouting words of love into his deaf ears.

At the hospital it is said that the wounded man has little chance to live.

The trouble grew out of financial matters, it is stated.

#### Forest Fires in Kentucky.

Madisonville, Ky., Oct. 23.—Forest fires which have been raging in this county for several days have destroyed thousands of dollars' worth of property. The burned section covers over eight miles and fences, corn crops and timber have been lost.

Many years of experience in banking convince the Security that conservative methods are always best for the people. Without being too "hide-bound" in our dealings, we endeavor to follow the conservative path.

Mrs. R. J. Keppler, Sr., of Eau Claire, Wis., was in the city yesterday on her way to Nisswa to visit at the home of her son, R. J. Keppler, Jr., and her father, Wm. Bergh, came down to Brainerd to meet the visitor.

**Splendid Prescription For Weak Kidneys and Bladder Easily Mixed**

### TO BE PREPARED AT HOME

**Tells Dispatch Readers How to Find Out if Kidneys are inactive and tells what to do**

There are more cases of kidney trouble here now than ever before, while recent reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is sickness, examine the urine. Rheumatism is only a symptom of kidney trouble. It is nothing more or less than excessive uric acid in the blood, which the sluggish, inactive kidneys have failed to sift out, leaving it to decompose and settle about the joints and muscles, causing intense suffering; frequently resulting in deformity; often reaching the heart, when death ensues.

Pains across the back, frequent painful and suppressed urination and other symptoms of weak bladder are not the only signs of kidney trouble; many cases of stomach disease, headache, pain in the heart, inactive liver, etc., are but symptoms; the cause of which can be traced to feeble, clogged kidneys.

A simple test of the urine is to void a small quantity in a bottle or glass and let it stand over night; next morning if there is a reddish brick-dust sediment, or white fleecy substance present, either consult some reputable physician or take a good vegetable treatment. The following prescription is recommended highly in these cases, and the sufferer can mix it at home: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

Where any of the symptoms enumerated above are present, good results are sure to follow immediately the use of this simple prescription.

**The Undesirable Citizen From Colorado and Idaho Will Speak at Opera House Tonight**

William D. Haywood, until recently secretary of the Western Federation of Miners, will speak at the opera house tonight. Mr. Haywood will be remembered as having been kidnapped by the state officials of Colorado and Idaho at Denver Colorado and taken to the state of Idaho and held without trial for fourteen months for the murder of Ex. Governor Stunenberg of Idaho. After a lengthy and severe trial Mr. Haywood was acquitted of the charge of murder and Harry Orchard who tried to fasten the responsibility on Mr. Haywood for the crime he is today serving a life sentence.

The antagonism of the Mine Owners Organization of the Western States against the Western Federation of Miners was due to the fact that the Western Federation had adopted broader policies than any other organization of labor in the country, and it was considered that the officers of the miners union took a prominent part in this.

Ever since his acquittal Mr. Haywood has been lecturing thruout the country and has been having splendid audiences and in many cities has been able to draw larger houses than any other lecturer had been able to.

Mr. Haywood is a strong and forceful speaker and everybody should welcome the opportunity to hear him. Admission 25 cents for reserved seats, gallery 10 cents.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. H. P. Dunn, druggist.

It is characteristic of Mr. Bryan that, although he denies a desire to disparage the integrity of judges in his discussion of the injunction laws, he keeps right on doing it just the same.

Bryan cannot rise out of his dead selves to higher things, chiefly because his dead selves persistently intrude their unwelcome ghosts upon his present.

Dr. Beise States that there Have Been no New Cases Reported for Three Days

20 FAMILIES IN QUARANTINE

Including Both Diphtheria and Scarlet Fever--None are in Dangerous Condition

The situation is rapidly clearing so far as contagious diseases are concerned. Dr. Beise, the health officer stated that there had been no new cases reported for three days and that at present there were 20 families, all told, under quarantine for either scarlet fever or diphtheria. In one instance both are present.

A large number of culture tests taken last week showed but three cases, all being in the Lowell school. A little girl was taken from the Lincoln school a few days ago and it was reported that it was a well developed case of diphtheria, but Dr. Beise has received returns from the state board of health on an examination of the culture and the disease proved to be only an ordinary sore throat.

## NON-PARTISAN TALK

But Facts Indicate a Staunch Democrat is Decidedly Interested

Judge C. W. Stanton, the independent candidate for Judge of the District Court, is conducting a campaign of advertisement through the mail. He will appeal to the people by circular letter to retain him on the bench as a non-partisan. It is now his opinion and he urges it upon the voters that a party should have no influence in the election of a judge. It is quite evident that neither he or Governor Johnson held any such opinion last spring when Mr. Stanton was appointed to fill the vacancy caused by the resignation of Judge Spooner. At that time partisan lines were drawn to the absolute exclusion of all republican aspirants. No endorsement of either people or bar was asked for, either by petition or letter. It was considered all sufficient that a democrat wanted the place and he got it. The democratic administration saw an opportunity to award one of its staunch supporters and took it; now the apparent scheme used so often by a member of the weak party to gain votes for the strong party is resorted to. It is, under the circumstances, too plain to catch the people. Judge Stanton has, during the four years during which he has been a resident of this district been indeed a favored son of democracy. He was appointed member of the Game and Fish commission, County Attorney of Koochiching County and Judge of the District Court. All of these offices came to him by appointment of the democratic administration, not one by the voice of the people. Now he asks the people to forget his former party allegiance to take him as a man without a party and elect him as against a man seventeen years a resident of this district, a lawyer of acknowledged ability who had the courage of his convictions and stood for the republican nomination and got it. This is a plain statement of facts and should be considered by every voter in the district before he casts his vote on November 3rd.—Park Rapids Enterprise.

### Pretty Good For a Democratic Paper

Our reasons for preferring Mr. Taft to Mr. Bryan are known. They can all be reduced to the belief that he is better equipped for the presidency. Either would be free from improper influences. Either would be conscientious. Mr. Taft is of better experience and of sounder mind. Mr. Bryan is a believer in panaceas. His latest—the insurance of bank deposits—seems to be full of peril; almost as clearly as his free silver; and we are rather afraid of the Supreme Court appointments he would make. Mr. Taft is less addicted to theory, more surefooted, of more proved ability. Other things being equal, we should, this year, have inclined toward the democratic nominee. But other things are not equal. Mr. Taft is exceptionally equipped for the office. Mr. Bryan has not the kind of mind to which we like to see the American people entrust themselves.—Colliers, Oct. 16.

Every time Bryan attacks Governor Hughes he adds to the Republican majority in the Empire State.

Third Ward—Kenneth McDonald, Geo. Halladay, Geo. Woerner, G. A. Johnson, C. H. Ritter, Geo. Fox, Ed. Anderson, Frank Horton, Robt. Ozard, Conrad Isle.

Fourth Ward—T. E. Smith, John Holvik, John Larson, H. Anderson, A. E. Veon, Alf. Erickson, Jep Thompson, John Bakkila.

Fifth Ward—F. Gruenhagen, E. C. Bane, L. P. Johnson, Dan Doran, A. M. Opsahl, Ben Armstrong, Ray Paine.

For aldermen the following nominations were made:

First Ward—C. B. Rowley, John Wise.

Second Ward—H. A. Lyddon, E. O. Webb.

Third Ward—Geo. Halladay, T. E. Twohey.

Fourth Ward—P. M. Zakariasen, P. G. Fogelstrom.

Fifth Ward—J. F. Vaughn, Geo. Fricker.

For members of the Board of Education nominations were made as follows:

First Ward—R. R. Wise.

Second Ward—Geo. D. LaBar.

Third Ward—Richard Ilse.

Fourth Ward—W. E. Erickson.

Fifth Ward—For full term, L. P. Johnson; to fill vacancy, Jens Molstad.

In only one ward was there any contest. In the First Ward there were two tickets in the field, the name of C. B. Rowley and H. Turcotte being on one and C. B. Rowley and John Wise on the other. Mr. Rowley polled nearly the entire vote of the caucus and John Wise received 22 votes to 16 for H. Turcotte.

### A Rare Treat

C. E. Stallcop, of Brooklyn, N. Y., Grand Master of ceremonies of the Brotherhood of American Yoemen, will speak tonight in Odd Fellow's hall at 8 o'clock. Mr. Stallcop is said to be a very eloquent speaker, one who has a great reputation throughout the east, it will be a rare treat for all who go to hear him. Everybody is invited.

### Ladies' Musical Club

The first open meeting of the Ladies' Musical Club will be held in Elk's hall Monday evening, Oct. 26, at 8 p. m.

This will be a song recital given by Mr. O. F. Southwick, of Minneapolis. As this is a club treat each member will be admitted on her membership ticket and has the privilege of inviting two guests. Additional guests will be 25c each.

"There will be many strange developments in the campaign before the fall. I do not wish to comment on them or to say what they will be," shouts Judge Parker to the Oregonians. But why is the oracle silent, and why didn't he have that same wisdom in his own campaign? Possibly he is applying to foresight the bitter lesson he learned from hindsight and divines happenings to the Democratic party too gruesome to utter.

The men "who now are behind Governor Haskell and his associates, the opponents of Mr. Taft in the opposite party"—well, Mr. Bryan had cause for a divorce from his campaign treasurer.

You can fool some of the people all the time and all the people some of the time, but Mr. Bryan clings to the fanciful notion that he can fool all the people all the time.

Knowing as he does that one cannot extract blood from a turnip, Mr. Bryan is still trying to conjure another "scare" from the sawdust stuffed effigy of "Imperialism."

David Bennett Hill, though still a Democrat and a still Democrat, is for Bryan this year. He is a first rate refrigerator for the Democratic campaign.

## GEO. E. GARDNER IS FOUND DEAD

Prominent South Side Resident is Found Dead in His Former Place of Business

### BEEN FEELING WELL ALL DAY

Death Supposed to Have Been Instantaneous as He Was Seen Short Time Before

Geo. E. Gardner, owner of the Gardner block, and for many years engaged in the saloon business at the corner of Fifth and Laurel streets, was found dead in the card room of the saloon in that building about 9:30 o'clock Thursday evening. Shortly after 8 o'clock Mr. Gardner had partaken of a hearty meal at Herbert Graves eating house which adjoins the saloon on the east. He complained of not feeling well and Mr. Graves helped to a chair in the card room of the saloon. He said he wanted to sleep a little and was left alone. Later in the evening the gentleman in charge of the saloon went to arouse him, and found him dead.

The remains were taken to Losey & Dean's undertaking parlors and prepared for burial. No funeral arrangements have been made, nor will they be until a half brother, Andrew Gardner, of Great Falls, Mont., and a sister, Mrs. Helen McDonald, of Portland, Ore., have been heard from. They were notified by telegraph of his death this morning.

#### "At The Unique"

The headliner at the Unique the last half of this week is "Sleuth, the Detective." This is one of the best detective stories ever put out in film and is 1600 feet long. "The Culture of Rice" is a very interesting and instructive descriptive piece. "The Brahmin's Miracle," is a beautiful hand colored film showing oriental magic in its pristine splendor. "We're Growing Old Together," the illustrated song, was beautiful and was sung by Miss Kathleen Graham in her usual good voice.

#### Saved His Boy's Life

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. H. P. Dunn, druggist. ttw

## 20 FAMILIES IN QUARANTINE

Including Both Diphtheria and  
Scarlet Fever--None are in  
Dangerous Condition

The situation is rapidly clearing so far as contagious diseases are concerned. Dr. Beise, the health officer, stated that there had been no new cases reported for three days and that at present there were 20 families, all told, under quarantine for either scarlet fever or diphtheria. In one instance both are present.

A large number of culture tests taken last week showed but three cases, all being in the Lowell school. A little girl was taken from the Lincoln school a few days ago and it was reported that it was a well developed case of diphtheria, but Dr. Beise has received returns from the state board of health on an examination of the culture and the disease proved to be only an ordinary sore throat.

## NON-PARTISAN TALK

But Facts Indicate a Staunch Demo-  
crat is Decidedly In-  
terested

Judge C. W. Stanton, the independent candidate for Judge of the District Court, is conducting a campaign of advertisement through the mail. He will appeal to the people by circular letter to retain him on the bench as a non partisan. It is now his opinion and he urges it upon the voters that a party should have no influence in the election of a judge. It is quite evident that neither he or Governor Johnson held any such opinion last spring when Mr. Stanton was appointed to fill the vacancy caused by the resignation of Judge Spooner. At that time partisan lines were drawn to the absolute exclusion of all republican aspirants. No endorsement of either people or bar was asked for, either by petition or letter. It was considered all sufficient that a democrat wanted the place and he got it. The democratic administration saw an opportunity to award one of its staunch supporters and took it; now the apparent scheme used so often by a member of the weak party to gain votes for the strong party is resorted to. It is, under the circumstances, too plain to catch the people. Judge Stanton has, during the four years during which he has been a resident of this district been indeed a favored son of democracy. He was appointed member of the Game and Fish commission, County Attorney of Koochiching County and Judge of the District Court. All of these offices came to him by appointment of the democratic administration, not one by the voice of the people. Now he asks the people to forget his former party allegiance to take him as a man without a party and elect him as against a man seventeen years a resident of this district, a lawyer of acknowledged ability who had the courage of his convictions and stood for the republican nomination and got it. This is a plain statement of facts and should be considered by every voter in the district before he casts his vote on November 3rd.—Park Rapids Enterprise.

## Pretty Good For a Democratic Paper

Our reasons for preferring Mr. Taft to Mr. Bryan are known. They can all be reduced to the belief that he is better equipped for the presidency. Either would be free from improper influences. Either would be conscientious. Mr. Taft is of better experience and of sounder mind. Mr. Bryan is a believer in panaceas. His latest—the insurance of bank deposits—seems to be full of peril; almost as clearly as his free silver; and we are rather afraid of the Supreme Court appointments he would make. Mr. Taft is less addicted to theory, more surefooted, of more proved ability. Other things being equal, we should, this year, have inclined toward the democratic nominee. But other things are not equal. Mr. Taft is exceptionally equipped for the office. Mr. Bryan has not the kind of mind to which we like to see the American people entrust themselves.—Collins, Oct. 16.

Every time Bryan attacks Governor Hughes he adds to the Republican majority in the Empire State.

**STOPS TRIAL OF  
FINANCIER MORSE**  
Juror's Illness May Entail a  
Legal Question.

New York, Oct. 23.—A juror's illness, which may entail a legal question, stopped the trial of Charles W. Morse, the capitalist, and A. H. Custis, former president of the National Bank of North America, who are charged with violation of the federal banking laws. The juror is Gordon Wendell. He was taken sick late Wednesday night, but is now reported as much better.

Meantime the other jurors are quartered still at the Hotel Astor under guard by direction of Judge Hough. An interesting fact has developed regarding this guard. It has been thought that they were deputies under orders from United States Marshal Henkel, but it appears now that his supervision is only nominal, and that the men are really United States secret service men, who were brought here from various parts of the country and sworn in as deputies by United States Commissioner Shields only to meet a federal statute which places a jury under the supervision of a deputy marshal.

**Heavy Rain in Kansas.**

Lawrence, Kan., Oct. 23.—The rainfall here in one day was 5.60 inches. This makes the heaviest precipitation for any single rainfall in October in twenty-two years, according to the University of Kansas weather bureau.

**Robbery at Minneapolis.**

Minneapolis, Oct. 23.—Porch-olmbers ransacked the palatial residence of C. M. Harrington, president of the Van Dusen-Harrington Grain company at 2540 Park avenue, and secured diamonds, jewelry and fur coats valued at over \$4,000. The police believe the work was done by professionals, as they left absolutely no clue, even covering up the exact manner in which entrance was gained.

**DROUTH IN ILLINOIS.**

Forces People to Send Away for Water.

Alton, Ill., Oct. 23.—The continued drouth of more than fifty days in the inland towns of Illinois tributary to Alton has forced the residents of that section to send away for water for cooking and drinking purposes.

Each day a train of five cars is being sent out from Alton loaded with water for the various towns in the blighted district.

There is danger, according to Alton water company officials, of the supply being cut off if the Mississippi river falls much more.

The stage of the stream is lower than it has been before in twenty years.

**TWO BOYS WOUNDED.**

Use a Railroad Torpedo for a Target to Throw At.

Lexington, Ky., Oct. 23.—Charles and Millard Hale, aged six and nine years, respectively, were horribly wounded by the explosion of a railroad torpedo at their home in Brimfield. The children, while playing along the railroad tracks, found the torpedo and took it home to use as a target to throw at. The first missile thrown hit the torpedo squarely, causing it to explode, with the result as stated. They are not expected to live.

**BRYAN TALKS IN  
WEST VIRGINIA**

Receives an Enthusiastic Greeting Everywhere.

**TO FARMERS AND MINERS**

Democratic Candidate for the Presidency Delivers Several Addresses. Devotes Much Attention to the Labor Question and Enters a Defense of President Samuel Gompers of the American Federation of Labor.

Hinton, W. Va., Oct. 23.—Enthusiastically received everywhere, William J. Bryan carried his warfare into West Virginia. The line of travel took him through the Ohio, Kanawha and New river valleys and he was afforded an opportunity to speak to many farmers and miners. Having had but four and a half hours' rest following his campaign in Ohio the previous day, he was out on the platform as early as 7 o'clock a. m. telling the farmers, in his opinion, they should vote the Democratic ticket. The Republican party had no policy to offer which would bring them relief.

Passing on into the coal district, he devoted much attention to the labor question, and while not specifically referring to Mr. Roosevelt's letter, entered a defense of President Samuel Gompers of the American Federation of Labor. He repeated his warning to laboring men not to be coerced by their employers into voting against their wills.

The most notable demonstration accorded him was at Charleston. He was escorted through the streets by a number of uniformed marching clubs headed by bands, while almost every building was decorated with flags and bunting. From the moment he left his special train across the river until he reached the platform on a lot across from the courthouse, he was wildly cheered. His speech was devoted to a general discussion of the issues of the campaign.

**Given a Rousing Reception.**

At Thurmond he got a rousing reception. A picturesque feature of the stop here was the erection of a grandstand up the side of a mountain, having a background of an immense banner with a portrait of the candidate over which were the words "Shall the People Rule?"

The people cheered vociferously his almost every utterance. He spoke of the fact that in most of the industrial and mining centers he had visited or passed he noticed women standing along the streets waving their aprons.

"I am of the opinion," he said, "that if I don't go in on a tidal wave this time I surely will on an apron wave." The remark was loudly cheered.

Early in the morning Mr. Bryan was handed a copy of a newspaper containing President Roosevelt's criticism of himself and Samuel Gompers concerning their position with respect to the labor question. Shortly afterward he began the preparation of a reply, but his time was so taken up during the day that he found it impossible to complete it.

**GOMPERS ENDORSED.**

Illinois State Federation of Labor Favors His Policy.

Peoria, Ill., Oct. 23.—Samuel Gompers' conduct of his office was endorsed by the Illinois State Federation of Labor in session here. The resolution read:

"Resolved, That it will be the future policy, purpose and intent of the Illinois State Federation of Labor to use the power and influence among laboring people and labor sympathizers to carry out the policy of the American Federation of Labor by electing our friends and defeating our enemies."

**BOLD ROBBERY.**

Murder May Also Be Result of Diamond Theft.

New York, Oct. 23.—An audacious robbery and, possibly, murder occurred here. Maurice Tannenholz, a Lexington avenue jeweler, was shot by an unknown man who had posed as "a friend" of Constant A. Andrews, president of the United States Savings bank of this city, and had stolen two diamond earrings. The robber escaped in a taxicab and the jeweler was removed dying to a hospital. He has three bullet wounds in the abdomen.

Tannenholz was in his shop when a man entered and handed him a type-written letter addressed to him and purporting to be from President Andrews. It introduced the bearer as "George H. Leopold," an "old personal friend." It further stated that "Leopold" had \$2,000 to invest in diamonds.

Tannenholz showed Leopold a tray of diamonds. The stranger selected two earrings and then suddenly ran from the store. Tannenholz and two clerks pursued him so hotly that the former soon grabbed him by the shoulder. Then the robber drew a revolver, fired at Tannenholz and sprang into the taxicab. The chauffeur of the machine was undoubtedly a confederate, for he sent it flying down the street, and it had disappeared long before the police reached the scene.

**RATHER THAN FACE TRIAL**

Young Doctor of New York City Ends His Life.

New York, Oct. 23.—Rather than face trial for manslaughter in the first degree, growing out of a case of alleged criminal practice, Dr. Irving J. Cook, a young doctor of this city, drank a dose of a powerful poison and shot himself at the Waldorf-Astoria hotel. His body was found by hotel attendants. The man left a sealed letter addressed to his wife, but accompanying it was a terse note in which he asked her "not to take this affair hard."

Dr. Cook was arrested last Tuesday night and the following day he was released in \$10,000 bail.

He was to have been prosecuted for the death of a young woman at Summit, N. J., last winter.

Kansas City, Kan., Oct. 23.—The rain storm that has been general over the Southwest for three days, following a forty-eight day drought, has broken all October records in amount of precipitation. At Lawrence, Kan., the rainfall, 5.60 inches, broke all the October records for rainfall in twenty-two years. In Kansas City during twenty-four hours the precipitation was 4.38 inches, which is a new record for twenty-four hours. All the streams in Kansas and Oklahoma are overflowing the bottoms, and there has been some loss of corn and cotton, and many bridges have been washed away.

**Rheumatism**

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. **To Redden  
the Blood**

Rich, red blood.

That is what pale, weak, nervous people need.

Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body.

The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Pills and because of its wonderful blood-building qualities this great restorative has become world famous.

There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good.

Mrs. H. HARBROUGH, Mansfield, Ohio, states:—"A child of mine was pale, bloodless, weak and nervous. Dr. A. W. Chase's Nerve Pills acted splendidly, making the nerves strong, the blood rich, the color good, and building up the system in every way."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

## STOPS TRIAL OF FINANCIER MORSE

### Juror's Illness May Entail a Legal Question.

New York, Oct. 23.—A juror's illness, which may entail a legal question, stopped the trial of Charles W. Morse, the capitalist, and A. H. Cushts, former president of the National Bank of North America, who are charged with violation of the federal banking laws. The juror is Gordon Wendell. He was taken sick late Wednesday night, but is now reported as much better.

Meantime the other jurors are quartered still at the Hotel Astor under guard by direction of Judge Hough. An interesting fact has developed regarding this guard. It has been thought that they were deputies under orders from United States Marshal Henkel, but it appears now that his supervision is only nominal, and that the men are really United States secret service men, who were brought here from various parts of the country and sworn in as deputies by United States Commissioner Shields only to meet a federal statute which places a jury under the supervision of a deputy marshal.

### Heavy Rain in Kansas.

Lawrence, Kan., Oct. 23.—The rainfall here in one day was 5.60 inches. This makes the heaviest precipitation for any single rainfall in October in twenty-two years, according to the University of Kansas weather bureau.

### Robbery at Minneapolis.

Minneapolis, Oct. 23.—Porch-climbers ransacked the palatial residence of C. M. Harrington, president of the Van Dusen-Harrington Grain company at 2540 Park avenue, and secured diamonds, jewelry and fur coats valued at over \$4,000. The police believe the work was done by professionals, as they left absolutely no clue, even covering up the exact manner in which entrance was gained.

### DROUTH IN ILLINOIS.

Forces People to Send Away for Water.

Alton, Ill., Oct. 23.—The continued drouth of more than fifty days in the inland towns of Illinois tributary to Alton has forced the residents of that section to send away for water for cooking and drinking purposes.

Each day a train of five cars is being sent out from Alton loaded with water for the various towns in the blighted district.

There is danger, according to Alton water company officials, of the supply being cut off if the Mississippi river falls much more.

The stage of the stream is lower than it has been before in twenty years.

### TWO BOYS WOUNDED.

Use a Railroad Torpedo for a Target to Throw At.

Lexington, Ky., Oct. 23.—Charles and Millard Hale, aged six and nine years, respectively, were horribly wounded by the explosion of a railroad torpedo at their home in Brimfield. The children, while playing along the railroad tracks, found the torpedo and took it home to use as a target to throw at. The first missile thrown hit the torpedo squarely, causing it to explode, with the result as stated. They are not expected to live.

## BRYAN TALKS IN WEST VIRGINIA

Receives an Enthusiastic Greeting Everywhere.

### TO FARMERS AND MINERS

Democratic Candidate for the Presidency Delivers Several Addresses. Devotes Much Attention to the Labor Question and Enters a Defense of President Samuel Gompers of the American Federation of Labor.

Hinton, W. Va., Oct. 23.—Enthusiastically received everywhere, William J. Bryan carried his warfare into West Virginia. The line of travel took him through the Ohio, Kanawha and New river valleys and he was afforded an opportunity to speak to many farmers and miners. Having had but four and a half hours' rest following his campaign in Ohio the previous day, he was out on the platform as early as 7 o'clock a. m. telling the farmers, in his opinion, they should vote the Democratic ticket. The Republican party had no policy to offer which would bring them relief.

Passing on into the coal district, he devoted much attention to the labor question, and while not specifically referring to Mr. Roosevelt's letter, entered a defense of President Samuel Gompers of the American Federation of Labor. He repeated his warning to laboring men not to be coerced by their employers into voting against their wills.

The most notable demonstration accorded him was at Charleston. He was escorted through the streets by a number of uniformed marching clubs headed by bands, while almost every building was decorated with flags and bunting. From the moment he left his special train across the river until he reached the platform on a lot across from the courthouse, he was wildly cheered. His speech was devoted to a general discussion of the issues of the campaign.

### Given a Rousing Reception.

At Thurmond he got a rousing reception. A picturesque feature of the stop here was the erection of a grandstand up the side of a mountain, having a background of an immense banner with a portrait of the candidate over which were the words "Shall the People Rule?"

The people cheered vociferously his almost every utterance. He spoke of the fact that in most of the industrial and mining centers he had visited or passed he noticed women standing along the streets waving their aprons.

"I am of the opinion," he said, "that if I don't go in on a tidal wave this time I surely will on an apron wave." The remark was loudly cheered.

Early in the morning Mr. Bryan was handed a copy of a newspaper containing President Roosevelt's criticism of himself and Samuel Gompers concerning their position with respect to the labor question. Shortly afterward he began the preparation of a reply, but his time was so taken up during the day that he found it impossible to complete it.

### GOMPERS ENDORSED.

Illinois State Federation of Labor Favors His Policy.

Peoria, Ill., Oct. 23.—Samuel Gompers' conduct of his office was endorsed by the Illinois State Federation of Labor in session here. The resolution read:

"Resolved, That it will be the future policy, purpose and intent of the Illinois State Federation of Labor to use the power and influence among laboring people and labor sympathizers to carry out the policy of the American Federation of Labor by electing our friends and defeating our enemies."

### BOLD ROBBERY.

Murder May Also Be Result of Diamond Theft.

New York, Oct. 23.—An audacious robbery and, possibly, murder occurred here. Maurice Tannenholz, a Lexington avenue jeweler, was shot by an unknown man who had posed as "a friend" of Constant A. Andrews, president of the United States Savings bank of this city, and had stolen two diamond earrings. The robber escaped in a taxicab and the jeweler was removed dying to a hospital. He has three bullet wounds in the abdomen.

Tannenholz was in his shop when a man entered and handed him a typewritten letter addressed to him and purporting to be from President Andrews. It introduced the bearer as "George H. Leopold," an "old personal friend." It further stated that "Leopold" had \$2,000 to invest in diamonds.

Tannenholz showed Leopold a tray of diamonds. The stranger selected two earrings and then suddenly ran from the store. Tannenholz and two clerks pursued him so hotly that the former soon grabbed him by the shoulder. Then the robber drew a revolver, fired at Tannenholz and sprang into the taxicab. The chauffeur of the machine was undoubtedly a confederate, for he sent it flying down the street, and it had disappeared long before the police reached the scene.
